

Equipe „wall“, multi-optional

The cleaning trolley for maximum flexibility

Application area

- objects with variable demands on cleaning
- due to the flexibility of the Equipe wall, multi-optional, it can be adapted for almost any object

One cleaning trolley, undreamed-of possibilities: the Equipe „wall“, multi-optional.

17 setting-positions bid a maximum flexibility by changing the trolley with 5, 15 or 35 l boxes. Combine new versions, over and over, according to the material required for transport. At the same time, the Equipe „wall“, multi-optional“ bids all benefits, which you are used to the Equipe trolley system, for example optional covering panels or a combination with couplers for waste- and floor cleaning modules. Create your Equipe „wall“, multi-optional trolley according to your requirements.

Right to alterations reserved. General Terms and Conditions of Sale of VERMOP Deutschland GmbH apply.
